# Starcraftsmanship 76

Builds in the good times.

STARCRAFT FISH BOATS

Left: (from left to right), Sea Lite 12, Seafarer 14-4, Kingfisher 16 and Mariner 21.

Right, top: Mariner 21.

<u>Right, bottom</u>: Aluminum hull cross-section.

### Starcraftsmanship makes all kinds of fishing boats for all kinds of fishermen.

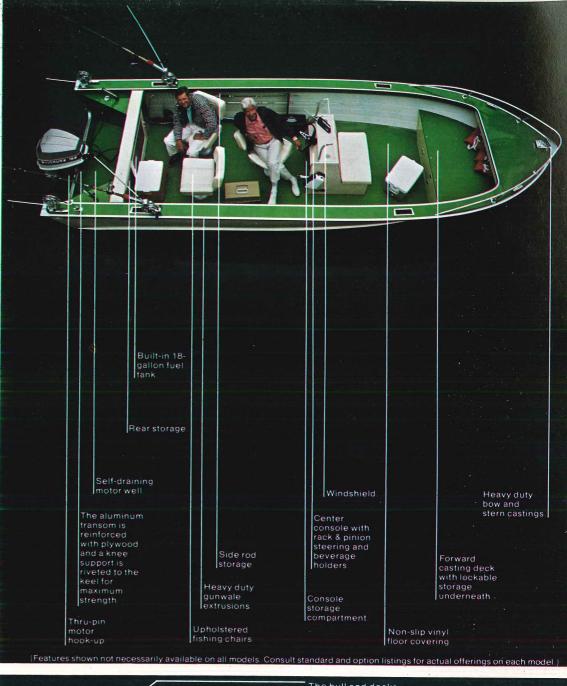

The next time you go fishing take a look at all the other fishing boats on the lake. We'll bet you see more Starcrafts than any other brand.

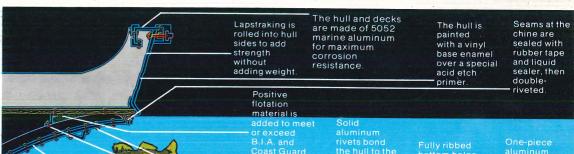

One reason is that we make 13 models from our big-water Mariner 21 with walk-around console to our side console Kingfishers. On down to our 12-foot cartoppers. There's a model built with Starcraftsmanship just for you.

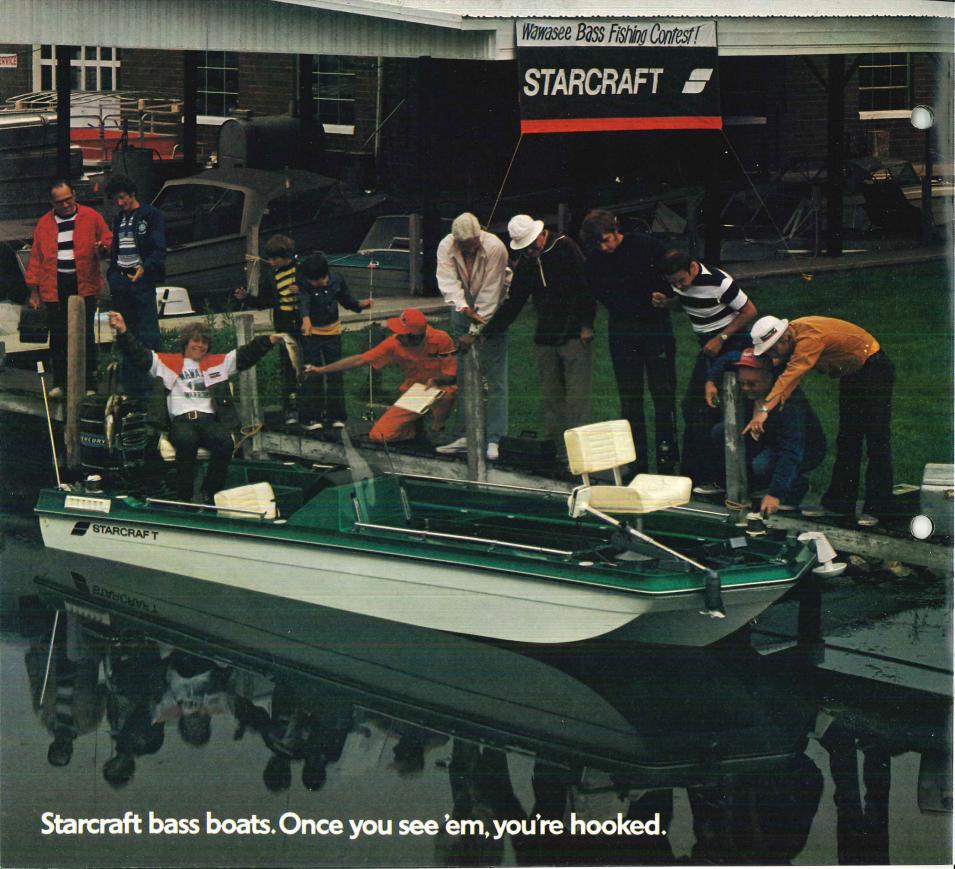

More important is the fact that Starcraft fishing boats are made with heavier gauge aluminum, more structural ribs and more rivets than most other boats. So they'll stand up to rough use better. And last longer.

In fact, our hulls are so durable, ch one carries a 15-year warranty linst puncture.\*

Want to know more about Starcraft fishing boats? Catch one at your nearest dealer.

Left: Starcraft's Pro 18 is everyone's favorite fishing spot.

Right, top: Starcraft Pro 16.

Right, bottom: Fiberglass hull cross-section.

## Starcraftsmanship gives our bass boats everything you could want. Except the fish.

If there's anything that can attract a crowd faster than a prize-winning bass, it's a prize-winning bass boat.

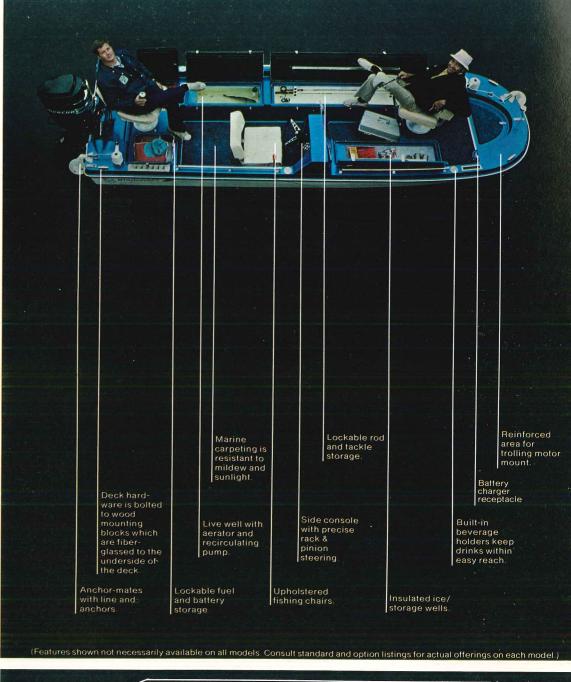

A Starcraft Pro model, for ample

example.

Its shiny tri-hull gives you outstanding performance. And it offers professional features like lockable storage for rods, tackle, fuel and battery. It has ice/storage wells, too. Plus metalflake deck, rack and pinion steering, upholstered swivel seats, marine carpeting and more.

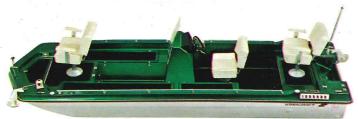

For less money, you can also get Starcraftsmanship in one of our four Bassmaster models. Any one of them will give you a good start on custom building you own rig.

If you're serious about fishing, take a serious look at the new Starcraft bass boats for 1976.

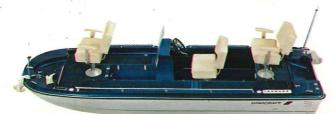

#### Starcraftsmanship builds in the good times. Here's how:

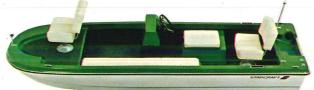

Pro 18 O.B. (also Blue Metalflake)

Pro 16 O.B. (also Green Metalflake)

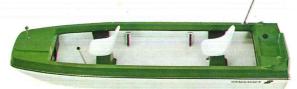

Bassmaster Deluxe 18 O.B. (also Spring Green) Shown w/opt. rod storage box cushion.

Starcraft reserves the right to make changes without notice or obligation. Your local Starcraft dealer will have exact specifications and product offerings.

## Starcraftsmanship means better quality construction. And a whole lot more.

To some people, Starcraftsmanship is just a fancy way of saying that we build our boats better than others. And, if that's what you believe, it's perfectly all right with us.

But, just for the record, we'd like you to know there's more to Starcraftsmanship than the way we put together a bunch of nuts and bolts. There's design ingenuity, for example. The kind of ingenuity responsible for major innovations such as the first one-piece aluminum hull bottom.

There's also performance, value, service and warranty assurance ... the list goes on and on. But what it all means is this: When you buy a Starcraft, you have a good time.

Starcraftsmanship quarantees it.

#### If we don't build it right, we'll make it right. That's Starcraftsmanship.

Starcraft has an Owner Protection Service (OPS) that assures you of expert service after the sale. If you ever have a problem with your Starcraft boat, our dealers will fix it. No red tape. No runaround.

You see, we're so sure of the quality we build into our boats that we back each one with a full 24 month warranty (excludes some components). Further, our aluminum hulls are warranted for 15 years. (Both warranties limited to first owners. Ask your dealer for complete details.)
