Introducing Starcraft for 1997

The independent, family-owned company that builds Starcraft boats today is the same family that built its first metal boat in 1903. That's when the Star Tank Company was started by Arthur Schrock. Under the leadership of an entrepreneurial family, whose members are principal directors and owners of the company, each Starcraft is designed and engineered to provide your family with years of satisfaction and fun.

A.E. Schrock, (right), founder of Star Tank Co., and son, Harold A. Schrock, (left) circa 1960-1962.

At Starcraft, we've been building boats for 94 years. And, those 94 years of experience are evident in every one we build. These are the best engineered and best built boats anywhere. We make the transom extra tough with 1-1/2" thick marine grade plywood sandwiched between two layers of fiberglass. The deck also has a unique "lip" design to keep water out. Additional foam and spray-core in the hull sides increase lateral strength. You and your family can trust your Starcraft because we use only the latest technology.

The 20-24 mil layer of high quality I.S.O. ortho N.P.G. Gel Coat is used to prevent cracking, crazing and provide UV stability to prevent fading.

A barrier coat on the sidewalls improves tensile strength over balsa or coremat. It also allows more strength and rigidity with less weight and gives more flex without cracking gel coat.

The integrated stringer system provides consistent strength. Stringers are laminated to the hull to increase strength and eliminate water intrusion.

The floor system, made of 7-ply, 3/4" marine grade plywood, is encapsulated in fiberglass resin, screwed and laminated, preventing water intrusion.

The hull and deck seams are sealed, thru-bolted and screwed. Then, a PVC gunwale molding is applied and screwed every 3" for a solid, secure fit which improves deck to hull integrity.

Our seats are ergonomically designed for your comfort. We use high density foam and marine grade vinyl so the seats are comfortable and tough. These seats will last a long time thanks to the lap stitching and UV coating.

Fiberglass Construction

All Starcraft boats are certified by the National Marine Manufacturers Association and meet or exceed U.S. Coast Guard Standards.

In the interest of developing the finest products available, Starcraft reserves the right to change products or specifications without notice. All representations in this catalog are believed to be correct at the time of publication.

Optional equipment may be shown in some photographs.

Fiberglass bow rider section provides great looks, reduces maintenance while adding to structural integrity.

Euro dash panel incorporates full Quicksilver® instrumentation, circuit breakers, tilt steering, lockable radio storage, Power Point™, beverage holder and padded steering wheel for great looks and convenience.

Taylor made radiused windshield with tempered glass and polished frame provides greater strength and euro styling.

Deep ski locker provides added storage area to keep interior free of obstructions.

The in-dash cooler with overboard drain provides convenience and no maintenance.

Formed seats provide comfort and styling. All vinyls and threads are UV treated and stress points are lap stitched to eliminate tears.

Fixed antenna provides greater reception.

Extruded P.V.C. gunwale molding provides great looks and added impact protection.

Quicksilver® instruments and controls.

16 oz. marine grade carpet.

Thru-bolted, sealed deck and hull eliminates waves and improves structural integrity.

Floor system utilizes 7-ply marine grade plywood encapsulated in fiberglass to increase strength and added life.

Sandwiched foam construction exceeds Coast Guard standards and provides a quiet ride.

Fold down boarding ladder provides convenient access and entry.

Encapsulated longitudinal integrated stringer system ensures greater strength and longevity.

Removable fuel tank cover allows for easier serviceability at reduced cost.

Stainless steel ski tow.

1810

Dual vented fuel tank with self venting fuel fill.

Deep "V" reverse chine hull design provides improved performance, stability in turns and decreased time to plane.

5 YEAR FIBERGLASS HULL WARRANTY

NO ONE BACKS A BOAT THE WAY STARCRAFT DOES. EVERY STARCRAFT HAS A FIVE YEAR FIBERGLASS HULL WARRANTY AND A MERCURY® MARINER® FORCE® OUTBOARD OR A MERCRUISER® STERN DRIVE LIMITED ONE YEAR WARRANTY. WE GIVE YOU THIS WARRANTY SO YOU CAN SPEND YOUR TIME ENJOYING THE WATER, NOT SITTING ON THE DOCK. FOR FULL DETAILS SEE YOUR STARCRAFT DEALER.

LIMITED LIFETIME DECK WARRANTY LIMITED LIFETIME

The Rocket, a 1960 14' fiberglass run-about, powered by a 10 to 40 h.p. outboard.

For Sporty Fun In The Sun...

Having fun in the sun is easy with the Starcraft 1700 Series! Chock-full of standards, the Starcraft 1700, 1701, 1709 and 1710 fiberglass run-abouts will enhance every boating adventure. Equipped with adjustable seats, an AM/FM cassette stereo, glove box/cooler and easily accessible beverage holders, you will be well prepared for a day of fun. If you plan on swimming, each boat in the 1700 Series is outfitted with a swim platform and ladder for a smooth transition between boat and water.

The Starcraft 1709 will cater to your fishing needs. Included with the 1709 Fish 'N Ski model are an aerated livewell, plenty of rod storage and wiring for a trolling motor. In addition, an optional fishing package, which includes a Lowrance® fishfinder and MotorGuide® trolling motor, can be installed.

The reverse chine, quick planing hull makes this series excellent for all of your on-the-water activities.

The 1709 is ready to go cruising, skiing, trolling or just fishing. The optional fishing package in the 1709 includes a Lowrance® X-25 fishfinder and a MotorGuide® trolling motor.

The console features all Quicksilver® instruments.

Starcraft 1710

The radiused walk-through windshield allows easy access to the bow seating area, or to the in-floor storage.

2000 Series

With the Starcraft 2000 Series 51 gallon built-in fuel tank, you can spend all day cruising. When you're not exploring, enjoy swimming or sunbathing. The rear jump seats convert to a sun pad for lounging and a rear swim platform with ladder assists in climbing in and out of the water.

STARCRAFT 2010.

Fine Tuned Performance

THE CONVERTIBLE TOP IS EASY TO SET-UP OR STORE.

Bring your own tunes or listen to your favorite station on the built-in AM/FM stereo cassette player. Kick back in the shade of the canvas top which, when not in use, tucks away neatly in its hidden top storage.

Enjoy all of this along with Quicksilver® instrumentation and controls that are easy to reach.

2200 Series

Starcraft's 2200 Series provides everything the family needs in a boat. You'll find a swim platform with a ladder that has plenty of room to towel off after swimming. Also, you don't have to leave your favorite music at home because the 2200 Series has an AM/FM stereo cassette player.

If you feel like resting, the bow cabin in the 2212 contains a comfortable V-berth, perfect for an afternoon nap. The 2212 also provides a 25 quart portable cooler to hold all of your favorite foods.

Not only these amenities make the 2212 an appealing boat, the Quicksilver® instrumentation, 51 gallon fuel tank and fine craftsmanship will assure you the best performance and utmost comfort for all of your trips.

STARCRAFT 2212.

THE FOLD-DOWN TABLE BEHIND THE CAPTAIN'S CHAIR COMES COMPLETE WITH DRINK HOLDERS.

A Perfect Weekend Cruiser

With Starcraft's 2513 Cruiser, no outing is too challenging. Equipped with full Quicksilver® instrumentation and a standard Mercruiser® 5.7 inboard/outboard motor, the 2513 is quick, powerful and quiet. With all of the 2513's amenities, there are few things you can't do on this boat.

On the outside, you'll find a walk-around deck, as well as a large swimming platform with a hand-held shower. There's also plenty of room to sit, a contoured passenger lounge and a wide transom seat. Below are all the comforts of your kitchen including a refrigerator, alcohol/electric stove, stainless steel sink with hot and cold running water and plenty of storage space. The aft cabin has a large berth with a privacy curtain, as well as a reading light.

You'll enjoy your stay on the water in comfort and style with the 2513 Cruiser. Cruise for a day or a weekend.

The command helm is home to a compass, tachometer, speedometer, voltmeter, oil, temperature and fuel gauges, plus an hour meter, digital depth finder and trim tabs.

The forward cabin includes a table that converts to a V-berth.

A hand-held shower on the aft platform facilitates swimmers coming aboard.

The large, enclosed head features a sink, hand-held shower, storage space and a pump-out head.

The galley is equipped with a refrigerator, alcohol/electric stove and stainless steel sink, plus an abundance of storage room.

Also, you can see into the generous aft cabin which has its own window onto the main deck.

Enjoy Starship Versatility

You couldn't ask for a more versatile craft than Starcraft's Starship Series of deck style boats. Stylish and sleek, you can entertain, fish, ski or cruise in the Starship 2000 and 2005.

Equipped with two fishing chairs and "L" shaped aft conversation area, the Starship 2000 can accommodate a multitude of activities. You'll find plenty of storage space under seats as well as a large in-floor storage area, deep enough to hold extra fishing chairs. A 48 quart cooler tucks neatly away in its console storage area and the pop-up changing room includes a Porta Potti.®

For the driver, there is a comfortable swivel chair and a sport steering wheel. The new high performance Diehedral hull incorporates a center Vee for a smooth ride and outside sponsons for added stability. The Starship Series also has all the power you'll need. They're built to handle up to 150 h.p.

So, with the Starship Series by Starcraft, you can go out and enjoy a day of versatility in style!

The Starship 2005 ... fun ... fast ... smooth.

The Starship console is equipped with a smoked plexiglass windscreen, Quicksilver® Binnacle Mount Control, a tachometer, speedometer, voltmeter, trim gauge, fuel gauge, horn, Power Point™, AM/FM Cassette with four speakers, a deluxe sport steering wheel and a 3500 Lowrance® in-dash depth finder.

As you play all day on the Starship 2005, enjoy refreshments on the fold-away table at the aft L-shaped sofa seating area. The Starships have in-floor storage for knee-board, ladder and life preservers. A sink in the port console provides a supply of water.

The Starship 2005 features a forward seating area that converts to a spacious sun deck.

The port console conceals a changing room with a Porta Potti®.

The Stardeck 240 and 241 Classic include fore sofa seats which also serve as sleeper seats, converting to a padded sundeck.

Entertaining friends and family is easy with the Stardeck Series by Starcraft. Ranging in lengths from 20 feet to 26 feet, the Stardeck Series offers plenty of space for sitting or moving around. Enjoy your day's catch by using the Stardeck's grill.

Hop Onboard And Join The Party

Classic & Elite Stardecks feature a pop-up changing room with a Porta Potti®.

Preparing a meal is particularly easy on the Stardeck 260 Elite, which comes fully equipped with a refrigerator, single stove burner, cutting board and sink with fresh water pump. It's even possible to store and hook-up a microwave! A double vinyl rub rail on the Elite Series provides extra protection.

You'll find more than sufficient storage space in the Stardeck Series, storage is located in the fore and aft seats and in the console.

Stardeck 200 Classic

Stardeck 240 Classic

Stardeck Series

The 3/4", 7-ply marinated floor system is installed and thru-bolted to insure proper deck fastening. All stainless steel hardware is thru-bolted through the extrusion, deck and "Z" bars.

Stardeck 241 Classic

All Starcraft pontoons feature state-of-the-art construction starting with the flotation chamber. These chambers are 23" in diameter for adequate flotation and durability. Each nose cone is hand welded and fitted with splash deflectors and keel support.

Extruded "Z" brackets are installed offering more strength and less flex. Thiel gaskets are applied to prevent water entry to the upper deck surface.

Stardeck 241 Classic

Stardeck 240 Elite

Stardeck 260 Elite

The set-up means everything in a multi-purpose pontoon boat like Starcraft's Starfish. For fishing, the Starfish is set-up with pedestal seats, a large aerated livewell, rod holders, plus a Lowrance® fishfinder.

Command your Starfish from the console that includes all Quicksilver® instrumentation.

Fish 'N' Play All Day

For family and friends who would rather cruise than fish, the Starfish features plush upholstered seating, beverage holders and a dinette table. On the Starfish 200 Classic and Elite pontoons, there's even a changing room. Additional amenities include an AM/FM stereo cassette and a stow-away boarding ladder. All three models have a rain and sun resistant bimini top.

The two-way seat on the 180 is also home to an aerated livewell.

For those who would rather cruise than fish, the Starfish features plush upholstered seating, beverage holders and a dinette table.

You had to have been there, it was this big.

The Starfish 200 Classic and 200 Elite are built with Roto-Cast® seat frames that will not deteriorate from the weather.

Fishing Tip:

When you anchor on that panfish hotspot, a second, smaller anchor dropped off the stern will keep the wind from spinning you around and keep your bobbers in front of you. Always lower anchors gently into the water to avoid spooking the fish.

Hard Top Exchange For Bimini		O+	O+	O+					

The Starcraft Pontoons come equipped with the features and accessories listed below:

Hull Construction:
- Five Year Pontoon Log Warranty
- Limited Lifetime Deck Warranty
- Meets Or Exceeds US Coast Guard Requirements
- NMMA Certified
- Anodized Aluminum Rails & Brackets
- 3/4", 7-Ply Pressure Treated Floor & Deck
- Exterior Mounted Fencing
- Battery Storage
- Heavy Duty Marine Grade UV Resistant Vinyl
- Marine Grade 5052 Aluminum
- Marine Grade Carpet, 18oz.
- Mooring Cleats (4)
- Salt Water Resistant Fasteners
- Stainless Steel Bow & Stern Eyes
- Thru-Bolted Floors

Deck:
- Aft Storage
- Wheel Chair Access

Dash & Console:
- Beverage Holders
- Horn
- Lanyard Safety Switch
- Navigation Lights
- Power Point
- Smoked Plexiglass Windscreen
- Sport Steering Wheel

Special Features:
- Color Coordinated Bimini Top w/Boot

Accessories Through Parts
- Hard Top Exchange: O+ (No Exchange, Dealer Installed)
- Mooring Cover
- Play Pen Cover
- Camper Canvas Enclosure Is Available For Starcraft Pontoons From TUMACS, 1-800-248-8622.

Starcraft cares about performance and the environment...

At Starcraft Marine, we believe everyone should play a part in preserving the quality of our air and water. That's why we incorporate our commitment to the environment into every aspect of our work – from designing to building every Starcraft we make. We hope you'll share in our commitment to taking care of our environment. After all, we're in it together.

Most Starcraft boats come standard with a Mercury®, Mariner® or Force® outboard motor or MerCruiser® stern drive with standard and optional horsepower matched to each hull for optimum performance and economy.

The MerCruiser® 3.0 LX, 4.3 LX, and 5.7 Litre stern drives use a GM Power-train 4-cylinder, V-6 or V-8 engine, respectively, as its power source for the most efficient combination of what every boater wants in an engine: power, economy and dependability.

In the interest of developing the finest products available, Starcraft reserves the right to change product specifications without notice. All representations of this catalog are believed to be correct at the time of publication. Optional equipment may be shown in some photographs.

Optional camper canvas is available for Starcraft pontoons through TUMACS Covers, 50 Terence Drive, Pittsburgh, PA 15236. Phone: 1-800-248-8622, Fax: (412) 653-4670.
