GO STARCRAFT

A COMMITMENT FROM OUR FAMILY TO YOURS.

Today's Starcraft is a company run by the same family that started it all back in 1903, with durable galvanized steel rowboats. During the 1960s, Harold Schrock helped pioneer the manufacture of fiberglass watercraft, beginning a long history of continuous improvements to fiberglass hull design and a dedication to providing exciting runabouts and deckboats for families and watersport enthusiasts. Four generations of the Schrock family have helped lead the industry in quality and innovation — and most importantly, value. There's a sense of pride at Starcraft that you won't find anywhere else. Pride in our boats and pride in backing them up. A commitment made from our family to yours.

This year's deckboat and runabout lineups are all about giving you a better experience — at every level. Whether this is your first pleasure craft or a step up, you'll find incomparable style and luxury, powerful packages, spacious floorplans and great features. In short, this one simple choice leads to dozens of options for spending time on the water.

Nothing beats a Starcraft for giving everyone a chance to get in on the fun. You'll love taking the helm. They'll love climbing aboard. And together, you'll discover what life on the water is all about.

// CHOOSE YOUR HULL FOR TOP PERFORMANCE

MODIFIED DIHEDRAL VEE HULL This revolutionary deckboat hull design virtually eliminates rough ride and rocking motion, while air injection vents provide the smoothest, driest and most stable ride possible.

STAR STEP HULL This unique stepped hull incorporates a cutaway design with a longer running surface that results in faster planing, less bow rise and better performance with lower horsepower.

RUNABOUT REVERSE CHINE HULL Starcraft runabouts deliver first-class performance thanks to the reverse chine hull that pushes water down and away, providing impressive acceleration and cornering.

// FIBERGLASS CONSTRUCTION

1 ROOMY WALK-IN BOW provides comfy, spacious seating for four. Plus, it easily converts into lounges with reclining backrests for the ultimate in relaxation.

2 DRIVER'S CONSOLE Luxuriously appointed helm station with ergonomically designed dash and helm seat.

3 CLEAN CURVE WINDSHIELD® Stylish design keeps passengers dry and safe.

4 35 OZ. VINYL UPHOLSTERY Comfortable and strong, the upholstery features self-draining foam for lasting durability.

5 SURE STEP SAFETY PLATFORMS Wide, secure swim platforms both front and aft feature deepwater ladders for safety and convenience.

6 FAMILY FUN SEAT Aft lounger seat with "one touch" recliner feature – fun and simple to use.

7 COCKPIT ENTERTAINMENT CENTER Enjoy a day on the water with all the convenience of home with a sink, cupboard and on-demand water.

8 PORT HEAD UNIT The spacious head unit lets you make the most of long, non-stop days away from the dock.

// THE LAYERS OF A BETTER BOAT

Starcraft fiberglass boats are painstakingly constructed to the most exacting standards. Learn more about the elements that add up to industry-leading quality.

+ **Integrated stringer system** provides unmatched strength and durability. Its components are encapsulated in fiberglass on OB models for enhanced protection.

+ **10 coats of wax** are applied to the molds for consistent part quality. **Layered 24-ounce woven roving fiberglass** is used with a 6-inch overlap between the hull and deck for enhanced strength and a tight fit. Next is the application of **22 mils of high elongated gel coat**, and finally, each hull is inspected and weighed for consistency.

+ 22 mils ISO-NPG Gel Coat
+ 1-1/2 oz. Fiberglass Mat
+ 60 mils of Fiberglass Mat
+ 2 mils Coremat
+ 18 oz. Bi-Axial Fiberglass
