FISHING SERIES

STARCRAFT MARINE

WARRANTY

PLUS LIFE 6 TIME

LIMITED LIFETIME WARRANTY

THE ONLY WARRANTY WITH 250 YEARS OF HERITAGE BEHIND IT.

Only a company with the proven history and longevity of a brand like Starcraft can offer you this:

- Limited lifetime warranty on hull and structure
- 6-year warranty on all components, carpet, upholstery and electronics
- All parts and labor
- Transferable to second owner

A HERITAGE YOU CAN TRUST, NO MATTER WHERE THE WAVES TAKE YOU.

The water is a remarkable thing. It's your playground. It's your retreat. It's your best weekend ever. And a day on the water is always time well spent.

At Starcraft, we believe your best days are on the water, and we build boats that help you get the most out of them. For over a century, while other companies have come and gone, our family has continued to build a strong boating heritage. We take pride in the fact that our company will remain forever loyal to the employees, dealers and customers that have helped us get to where we are.

Whether you're looking for performance, style or space for the whole family, Starcraft is dedicated to becoming part of your favorite memories. Because from "the big one" to "one more loop around," boating isn't just about finding fun – it's about sharing it with your favorite people. And it's our commitment to you.

No matter where the waves take you, we'll give you a hand. So climb aboard.

With four generations of heritage and a loyal network of employees and dealers, you know we'll be here for generations to come.

THE STARCRAFT DIFFERENCE

Starcraft fishing boats are as tough as the die-hards that rely on them. That's because we turned to the pros for advice. Both our aluminum and fiberglass fishing boats are designed and built with input from professional fishermen – the guys who are out there every day and know what it takes to be a winner.

Starcraft fishing boats are NMMA Certified and meet or exceed all U.S. Coast Guard requirements. But, we take it even further. Our fiberglass boats are painstakingly constructed

CONSTRUCTION

1 HEAVY GAUGE ALUMINUM is de-coiled into flat sheets that are ready to be cut, bent and molded for production.

2 CNC ROUTED parts are cut out on a CNC router to the exact dimensions to fit perfectly into every boat.

3 ONE-PIECE ALUMINUM BOTTOM is folded and molded to the greatest intrinsic shape.

6 HEAVY GAUGE TRANSOM BRACES are through-bolted through the transom to allow for the high horsepower engines.

7 POWER-TRAC HULL® Our shock-absorbing Power-Trac Hull® combines longitudinal, machine-formed ribs with Starcraft's exclusive Torsion Beam Construction (TBC) stringer system that flexes with the waves instead of against them, providing greater strength and a smoother ride.

8 7-LAYER PLYWOOD FLOORS injected with urethane foam deliver maximum buoyancy, and all carpet and vinyl is installed with spray adhesive to avoid any loose fitting materials.

to the most exacting standards for industry-leading quality and rugged durability. And, we only use the toughest aluminum out there – 5052 H34 marine grade – so our aluminum boats resist dents, dings and corrosion. Finally, we apply a multi-step painting and finishing process to every boat we make, so you look good while you're reeling them in, season after season.

4 RIVETED for superior strength, allowing the flexing needed for a smooth, dry ride.

5 5052 H34 Marine grade 100 gauge aluminum resists dents, dings and corrosion for years of reliability.

9 FULL PAINTED HULLS are first primed before painted and twice baked to provide showroom looks for years to come.

10 ALL DECALS are installed by hand, giving the boat a finished look that is unmatched.

PRO FISHING

TEAM STARCRAFT

Starcraft is proud to sponsor some of the most successful professionals competing at the national and local levels throughout North America, with numerous World Championships and Team of the Year titles to their credit. Starcraft fishing boats, like the STX Series, are developed with the team's feedback, as they push our boats to the limit. You can count on that same performance and reliability in your Starcraft boat — to help you fish like a pro.

196

FISHMASTER 196

Fishmaster 196 shown with optional equipment, including Trolling Motor and Sonar Unit.

Catch the spirit of the open water.

The widest beam. The deepest interior. The largest fuel capacity. The highest maximum horsepower. The most control in rough conditions. There's a reason we call this the ultimate big water fishing boat. No matter where you are, you'd rather be in a Fishmaster.

A **CONSOLE.** A true fisherman's friend, with easy-to-read lighted gauges, rocker switches, AM/FM J-Port, 12-volt power point and ample room for a sonar unit.

B **ROD STORAGE.** To complement the open floor plan and offer more space, rod storage is located on both the starboard and the port sides.

C **LIVEWELL.** A 41-gallon aerated livewell in the center of the bow keeps your catch fresh all day.

D **REMOVABLE JUMP SEAT.** The removable jump seat can be easily removed for better access to the water, or stay in the stern for an additional passenger.

E **STERN SEATING.** With an open floor plan and four seats that come standard, you can have more anglers aboard.

FISHMASTER 196

FISHMASTER 196

SUPERFISHERMAN 186

STX 2050

Our commitment is catching.

At Starcraft, innovation runs in the family. In 1903, we began producing durable, galvanized steel rowboats. We continued the tradition in the 1960s by pioneering the manufacturing of fiberglass-hulled watercraft.

Five generations later, we're still proud to build boats whose engineering, design and construction continues to change the wake of the watercraft industry.

For you and your family, a Starcraft fishing boat comes with a commitment to quality that you can count on for years to come. Which means we'll be there — even when the waves are still, the shoreline is quiet and it looks like you're the only one out.

After all, when you're steering a Starcraft, we like to think of you as family. While some of us will make a living making boats, all of us will make memories on the water.

With every boat we build, we're sharing our passion. By building boats that stand the test of time, we help you celebrate yours.

ADVENTURER 176

EXPEDITION SPORT 186

CSI AWARD OF EXCELLENCE

Starcraft is honored to be a recipient of the NMMA CSI Award for Excellence in Customer Satisfaction for aluminum fishing boats. We dedicate the recognition to Starcraft owners across North America who inspire our ongoing commitment to quality and innovation.
