STARCRAFT

'79 RUNABOUTS LONG

QuestStar's got all the luxury features you'd want in a family runabout such as underfloor and side panel storage for bulky water skis and tow-ropes. Large fuel tanks and spacious built-in ice wells and drink holders give you all-day capacity for marine picnics and parties.

Optional AM-FM stereo with 8-track and 4 speakers give you one of the best sound systems on the water. And it's mounted in the lockable glove box to protect it from weather and theft.

QUESTSTAR

Tomorrow's classic is being built today.

Style. Class. Sophistication. An extension of your own impeccable taste. That's QuestStar, brand new for '79.

She's got the sleek, gently flowing lines of a classic runabout, with luxury that could come only from tasteful, contemporary design. QuestStar's got plush appointments like two-tone button-tufted seating. Color-keyed deck hardware and rubrails. Luxurious marine grade carpeting. Dashboards with automotive styling and convenience. Stereo tape deck options. Touches of solid teak throughout. And all this luxury is built on a fiberglass hull that's been thoroughly fine-tuned to deliver agile, sure-footed performance.

There are four QuestStar models in all . . . 16′, 18′, and 20′ models; I.O.'s and O.B.'s. And a wide choice of color and power options.

It took a lot of careful planning and special effort to built this much luxury and performance into a boat. It took Starcraft . . . an acknowledged leader in the pleasure boat business. A company that's been making boats for more than fifty years. QuestStar is just one more reason why you've got a good thing going with Starcraft.
